Attn: Erlene Himes

I are writing to request information on a Will (*William D. ?*) Bright who was born in Marion Co., KY abt. 1875-80. He died in Marion Co., KY in the 1930's, one death record shows a Will Bright died July 9, 1931. This Will Bright was my wife's G-Grandfather; she descends from his daughter, Edith. Apparently, this Will Bright was murdered over some type of land dispute. We believe his parents were Logan and Mimmie (*Mima ?*) Bright. We have been told that Logan is buried in Liberty Cemetery near Bradfordsville and that Will probably is too. My father-in-law wishes to find his grandfather's grave, so I am attempting to collect some info. for him prior to his making the trip to Marion Co. next month.

My questions are: Does your library do research for people? If so, what types of info. are available? And, if so, what are the costs involved?

We are especially interested in finding out the following: 1.) Where Will Bright is buried. 2.) Is there an obituary on file for him? 3.) Are there any articles or records concerning his death? 4.) Any other information about him and his family?

Thank you!

Sincerely,

John Lambert

Robinson-Bright

John Robinson (Son of James Robinson, from Delaware)
and his wife Christina Bright

Born: Kentucky 1785

Died: Will in Lincoln Co. Ky. April 20, 1866.

Married: Christina Bright, daughter of Henry Bright, in Lincoln Co. Jan.
26, 1813.

Born: Kentucky

Died: Kentucky before 1850 as she is not in
census that year.

The exact birth date of Christina Bright has not been obtained. We
do know that she had a brother, David born 1795 and another brother,
Henry born in 1808.

The father of Christina was Henry Bright, Senior, born in Pa. 1761
and died in Lincoln Co. Ky. 1851-57. His wife was Elizabeth Pope, daughter
of George and Christina Pope of Lincoln County, Kentucky. More information
on the Bright family will be given elsewhere.

John Robinson was living in Lincoln County, Kentucky District No.
2 when the census was taken in 1850. The number of his enumeration
being No. 53. and shows him as a farmer, with property valued at \$1000,
which for that time was a substantial amount. John's age is given as
65 years, born in Kentucky, no wife is shown with him. His son James
was at that time living with him and was aged 25 years. Catherine
a daughter age 20, was also living in the household and there was
another female named Martha age 14 years, presumable a younger and
probably the youngest child of the family.

Great Water Control Project To Open Everglades Land

The United States' semi-tropical show case—the rich and lushly vegetated Florida Everglades—is scheduled for some new decorating effects at the hand of man.

Presently under construction is the first phase of \$208,000,000 master plan to tame the 'Glades—a plan that reaches into an area larger than Connecticut, Delaware, and New Jersey combined, including a third of Florida's people and nearly half of its wealth.

Projected by the United States Army Corps of Engineers, the massive water-control scheme calls for drainage of swamps, control of floods, and reclamation for agriculture and cattle of extensive reaches of grass lands.

Although the plan encompasses the eastern part of Florida from Orlando south, first-phase work is primarily concerned with the Lake Okeechobee region, the lower east coast and the Everglades proper, often called America's "last frontier."

For well over a century Floridians have been stirred to action by dreams of making productive a part of all of the 4½-million-acre Everglades area which lies south of Lake Okeechobee. Although dominated by nearly flat and usually flooded grass marshes, much of the area's soil is rich, organic muck capable of producing a crop in 60 days.

U.S. Church Membership Is Up 51.5 Per Cent Since 1926

The rate of increase in American church membership since 1926 has been more than 20 per cent greater than population growth, a recent survey made by the National Council of Churches revealed.

The survey showed church membership increased 51.5 per cent while population grew by an estimated 30 per cent.

Described as the first of its kind in a number of years, the survey tabulated the membership of 54 bodies, all with membership over 50,000. Combined, these groups account for about 97 per cent of church membership, it is reported.

Of the three major faiths, Protestantism showed the largest percentage gain adding 16,954,322 new members for a 56 per cent growth.

Stevenson Wins Kentucky By Margin Of 700 Vo

Figures approved this week Frankfort by the State Election Commission show that President-elect Eisenhower missed carrying traditionally Democratic Kentucky by a margin of only 700 votes.

Final tally of the State's popular vote in the November 4 election gave Democratic Candidate Adlai E. Stevenson a total of 495,729 votes to 495,029 for Eisenhower. The margin, though small, will keep Kentucky in the Democratic column when the Electoral College is convened next month. The State has gone Republican only three times in presidential elections since being admitted to the Union in 1792.

Other figures approved by the Commission showed an official margin for Senator-elect John Sherman Cooper of 28,924 votes over the defeated Democratic incumbent, Thomas Underwood. The Somerset Republican polled 494,576 to his opponent's 465,652.

Operation Is Successful.

Eliza Beeler, colored resident of this city who recently submitted a major operation at the Mary Immaculate Hospital, was able to return to her home Tuesday. It is reported to be convalescing satisfactorily.
