# FAMILY RECORD FROM THE BIBLE OF MARGARET McCawley Kerrick

According to Virginia Kerrick Morey, who provided this family record, she received the Bible from her uncle, Benjamin Harrison Kerrick IV, the son of Margaret McCawley Kerrick. "On a loose blank page at the front is written the name 'Maggie Kerrick,'" writes Mrs. Morey, who notes the "very poor condition" of the Bible volume in her possession. "The cover is still intact but many of the pages are loose and some are lost including the frontpieces which might identify the year of publication. It appears to have been subjected to some water damage. The Kerrick home was near the Ohio River and was flooded several times."

The marriage in 1874 of Margaret Ann ("Maggie") McCawley and Benjamin Harrison ("Harry") Kerrick is recorded in the record. Mrs. Morey (5225 S. Prince St., Apt. 409, Littleton, CO 80123-7774) identifies William McCawley as the son of James McCawley, Jr., and Elizabeth Willis, who married 27 May 1802. Elizabeth was the daughter of Mathew Willis, writes Mrs. Morey, and James McCawley, Jr., was the son of Sarah Gilmore and James McCawley, Sr., who "is listed at Harrodsburg, 1776-77." Their other children were Daniel, Joshua, Anna, Margaret, John, and Arthur.

### **RICHARD HIGGINS -- FROM IRELAND TO BARDSTOWN, KENTUCKY**

The Society has received a letter from Eugene A. Ferrand, Jr., in which he describes an "oval, tinted" photograph he has of his maternal great-grandfather, Richard Higgins, who emigrated from Ireland to Bardstown, Kentucky, circa 1845. The photograph was "taken in Ireland on the occasion of his marriage to Elizabeth Hutchison, also of Ireland," says Mr. Ferrand (2521 South Chase Lane, Lakewood, CO 80227), who would like to hear from any relative of Richard Higgins who is interested in the family.

ev. J. M. Ballantyne delighted his congregation Sunday and Sunday night with splendid sermons.

C. Yates struck an Spenny nail on foot to the bone. He had to step on the board with the other foot to get it. Instead of going to a doctor he is a poultice of tobacco leaves bound on it and went on selling overalls, after losing a minute.

Be. Cabell has returned from a visit to his sister, Mrs. Beard, Casey Creek.

Ammon McWhorter, who a short time ago returned from the Philippine Islands, is visiting his brother, John, and showing his acquaintances with the

argil Lindsey's horse scared at a pile of paper on the road near Horace's, upset the buggy and threw Lindsey out against the fence. The horse then ran toward town. Edward's horses, which were on the road, led at the runaway horse and ran on followed by the runaway team. The runaway was caught by Henry Milburn's sister. Lindsey's face was bruised, the shaft was the only damage done to the vehicle. Had it not been caused by an auto somebody would have given it a good "cussing" and have a suit for damages. But the pile of paper was not to blame.

Dr. J. C. Beard is spending a week in his mother at Cane Valley.

About ten of the Bradfordville sports were here Sunday morning at 9:30 to attend the auto races in Louisville. They left in two cars and arrived in the city right about 2:30 o'clock, but on returning home at 10:30 p. m. they began to have trouble. After having three pictures and a broken front spring one "walked" in from Bardstown, arriving here at 5:30 Monday morning. The other car, after getting out some twelve miles from Louisville, "refused to pull." It was pushed back into the suburbs of the city and left until morning when they found by giving it a tank of gasoline it was all right. They left at 9 p. m. Will McBride, John and Wallace Breeding swear that they have enough.

Don't fail to come to town Tuesday. Your stencil in the circle under the aster and you will neither spoil your blot nor lose your vote.

#### AT FIRST BAPTIST CHURCH.

A splendid service was held Sunday at the First Baptist church. Dr. T. J. Carter, the pastor, preached on the subject "The Kind of a Revival Lebanon Needs." At the close of the service a new member was received as a candidate for baptism. No service was held at night on account of the revival at the Methodist church. Next Sunday Porter will fill the pulpit at both times—11 a. m. and 7:30 p. m. At night will preach on the third subject of

plements and vehicles they handle. Steam and Gasoline Engines, Saw Mills and Saws, also a fine line of saw and hardware for the farmer, such as Wrenches, Files, Bolts, Hose, parts of machines and appliances of all kinds. They also have a big business in farm seeds and fertilizers. In fact, their line can not be more fully described than by their motto as mentioned above: "Everything the farmer needs."

#### DEATH CLAIMS GOOD WOMAN.

Mrs. Emma McCauley, aged 64 years, wife of Squire R. T. McCauley, died early Tuesday morning at her home at Raywick, after a short illness of pneumonia. The funeral services were held yesterday morning at St. Xavier's church, Raywick, conducted by Rev. A. C. Zoeller, and the interment was in the Catholic cemetery. She is survived by her husband and eight children, Mrs. Lula Hall and James McCauley, of Illinois, and Misses Annie and Maggie and Arnold, Clarence, William and John McCauley, of Raywick. Mrs. McCauley was the daughter of Arnold Bickett, deceased, and was a sister of Frank Bickett, of the Calvary section, and Mrs. Jos. L. Clark, of Raywick. Mrs. McCauley was a good christian woman and led a most exemplary life. She was greatly beloved by all who knew her, and her death was a great shock to the community. The family have the sympathy of many friends in their sad bereavement.

#### MARRY AT CALVARY.

Miss Amelia Bradshaw, of the Calvary section, and J. Emmett Wayne, formerly of this place but now of Louisville, were united in marriage at Calvary Tuesday, Rev. Robt. McDonald performing the ceremony at Holy Mary's church in the presence of a number of friends. Both are well known and have many friends with whom they are popular. The young people left Wednesday evening for Louisville, where they will reside. Mr. Wayne is the assistant superintendent of a cold storage company in Louisville.

#### A WORD TO TOBACCO GROWERS

As the season for opening our tobacco market is near at hand, we desire to place the following statement before you:

In the last 60 days we have made our best efforts to ascertain as far as possible all the facts likely to affect prices for the 1912 crop of tobacco. We find the average quality of the crop throughout the Burley section probably the finest in years, but very light in weight, as is always characteristic of thin, colory tobacco. The weight of this crop has suffered further through the loss of a large per cent. of the bottom leaves from rust and excessive heat during the cutting season.

The marked shortage in weight, considered with the unusual excellence of quality in this crop, necessarily means, in the opinion of the best authorities in the tobacco trade, high prices. In fact, many crops have already been bought in this district and elsewhere by speculators at prices ranging from 12 to 16 cents with some sales reported even higher.

Now this district has, at Springfield, Ky., what we believe to be the best market in the State. This market has four large sales warehouses, all equipped with every facility needed and with ample capacity to handle the entire crop of the district. Back of these warehouses, and perhaps the most valuable and vital feature of our market, is the array of live, energetic, wide-awake buyers, each of whom represents one or more of the largest tobacco factories in the world, and back of these good buyers are their immense handling plants, drying machines, hydraulic presses and modern equipment for taking care of large quantities of tobacco.

Could you ask better market conditions? Can you afford, with such a market at hand, to put your judgment against that of the experienced speculators who are even now riding over the country? Certainly not. Put your tobacco on the open market where you will be sure of the competition of all legitimate buyers.

A year ago the Planters House, through our local newspapers, predicted high prices for tobacco and tried to sound a note of warning to those growers inclined to sell at the barn, but many of them did sell and at heavy losses to themselves. We hope that the growers will not again make this mistake, as we believe the man who grows the crop earns and is entitled to every dollar there is in it.
