To Whom It May Concern:

I have been doing some genealogy research in the State of Kentucky, especially in the towns of Lebanon and New Market.

I am writing to see if you might have any information or books regarding the family of Musson. There is <sup>1776</sup>John (b.1776), John Edward, William, John Q. Musson or Buford Musson. I do know that Jane Musson(John's mother) was given a land grant in the town of New Lustre now known as New Market in June 1783 for services her husband gave in the revolutionary war. I am also interested in the Newcomb family specifically Issac Mnewcomb who first settled in Campbellsville (Taylor Co.) in 1815 with his brothers and then moved to Lebanon and New Market in the 1840's.

Any information which you might have pertaining to these families and the early settlers in Lebanon and New Market or even Campbellsville would be greatly appreciated, or even an address where I might obtain this information. There is such a long distance between us, but I am more than willing to pay for any expenses incurred or cost of any material that I might purchase.

Any information is appreciated and I would like to thank you for your help in advance.

Sincerely,

Mrs. Sandra P. Barela
